

Project title: **TeachBlue: An innovative Marine and Ocean Literacy Toolkit for early childhood teachers in the frames of the 14SDG - Conserve and sustainably use the oceans, seas, and marine resources.**

Project acronym: **TeachBlue**

Project website: www.teachblue.eu

Facebook Page: <https://www.facebook.com/profile.php?id=61558722876666>

Instagram: <https://www.instagram.com/teachblue.eu/>

Project number: 2023-1-PL01-KA220-SCH-000152792

Implementation period: 31.12.2023 – 30.12.2025

The project is implemented by Uniwersytet Przyrodniczy we Wrocławiu as the coordinator, in cooperation with the following 5 foreign project partners:

1. Centro De Ciencias Do Mar Do Algarve (Portugal),
2. CMMI Cyprus Marine And Maritime Institute (Cyprus),
3. Democritus University of Thrace (Greece),
4. Dracon Rules Design Studio (Greece),
5. STANDO LTD (Cyprus).

The TeachBlue is Erasmus+ project, action - Cooperation partnerships in school education that contributes to the 14 SDG „Life Below Water” and declaration of UN that has proclaimed the Decade of Ocean Science for Sustainable Development (2021-2030) proclaimed by UN and prioritizing the education, research, and development in marine and ocean literacy.

The TeachBlue project aims to:

- i. investigate the current situation of Marine and Ocean Literacy on early childhood education through desk and field research.
- ii. develop and pilot-test an innovative future-oriented marine and ocean literacy TeachBlue Toolkit including a Teacher's Curriculum, Educational Activities Guide, a Board Game, 360° underwater videos;
- iii. sustain training efforts in marine and ocean literacy to early childhood teachers
- iv. raise awareness on the target groups, associated partners, relevant stakeholders, decision-makers on the importance of marine and ocean literacy starting from early ages.
